

Parts required to complete:

Per Transport Canada, these parts need to be ordered separately from the kit. They can be ordered through one of 2 sources:

Breeze Automotive in Medway, MA. Breeze Automotive can be reached at:

(508)-533-6455

Order Online at www.breezeautomotive.com
markreynolds@breezeautomotive.com

Whitby Motorcars in Greensboro, NC. Whitby Motorcars can be reached at:

(336)-373-0835

www.whitbymotorcars.com
whitbymotorcars@aol.com

Driveshaft (Choose *one* of the following):

- 14776 28 spline 10.675" length driveshaft for T-5 or Tremec 3550 transmissions
- 14760 31 spline 10.675" length driveshaft for small block w/Tremec TKO 500 or 600
- 14761 31 spline 12.875" length driveshaft for 4.6L motors 5.0L Coyote with T-45 or Tremec 3650, or for big block motors w/Tremec TKO 500 or 600

Rear Suspension – Choose *either* 3 Link Solid Axle *or* IRS. These are the parts from either suspension that cannot be included in the kit from Factory Five:

14675 + 12450 **For 3 link**

Solid Axle Koni Coilovers + Solid Axle Lower Control Arms

14680 + 12428/12429 + 2X 12367 **For IRS**

IRS Coilovers + IRS Lowers + IRS Uppers

Other Items required to complete your MK4 kit:

- 14818 Base Kit Pack Completion Items
- 12066 Standard Width Front Lower Control Arms, Pair
- 14850 MKIV Front Spindles / Hubs
- 33538 11" Front Brakes
- 14749 Wilwood Pedal Box & hardware
- 14481 Accelerator Pedal
- 13702 Manual Steering Rack with Adapter, Tie Rod Ends and Bushings
- 15183 E Brake Handle & components
- 14472 OEM Fuel Tank & components

Optional Rear End:

- 15580 Solid Axle Rear Brake Kit with 11.65" Rotors, Calipers, Brackets, Pads, Stainless Steel Lines, E-Brake Cables and Hardware
- 15557 8.8" Ford solid rear axle with Traction-Lok differential, 3.55 gears, and 5 lug axles. Matt black powdercoated and reconditioned with brand new internals. This unit is drop-shipped and includes bottle of Ford friction modifier.

Optional Brakes:

Wilwood Brake Upgrades: Wilwood Brakes are available with either **red** or **black** calipers and a **drilled & slotted** rotor configuration. They have been chosen specifically to fit with our 17" Halibrand wheels, and if you are considering a different wheel, please be sure to confirm fitment. Also, note Solid Axle or IRS.

*These brakes are drop shipped directly from Wilwood
